	Major concern 2: To develop positive values and attitudes through moral and civic education	
	A. Cultivate pupils' positive attitudes so that they will strive for excellence	34
	B. Equip parents with knowledge and skills to help their children develop their sense of responsibility and respecting others	37
VI	Key Issues of Annual School Plan 2017-2018	39

I. Our School

1. School Vision

An environment for Growth:

We focus upon providing quality learning opportunities for all children. We strive to provide a well-rounded education that values and supports the intellectual, physical, social and moral development of each child. We have a commitment to ensure that quality learning and teaching is the central focus of every classroom.

2. School Mission

We are committed to promoting:

The Joy of Learning

The Love of Learning

The Passion for Life-long Learning

We have a very happy and positive school climate. The school provides an environment that is enjoyable, stimulating, supportive and conducive to learning.

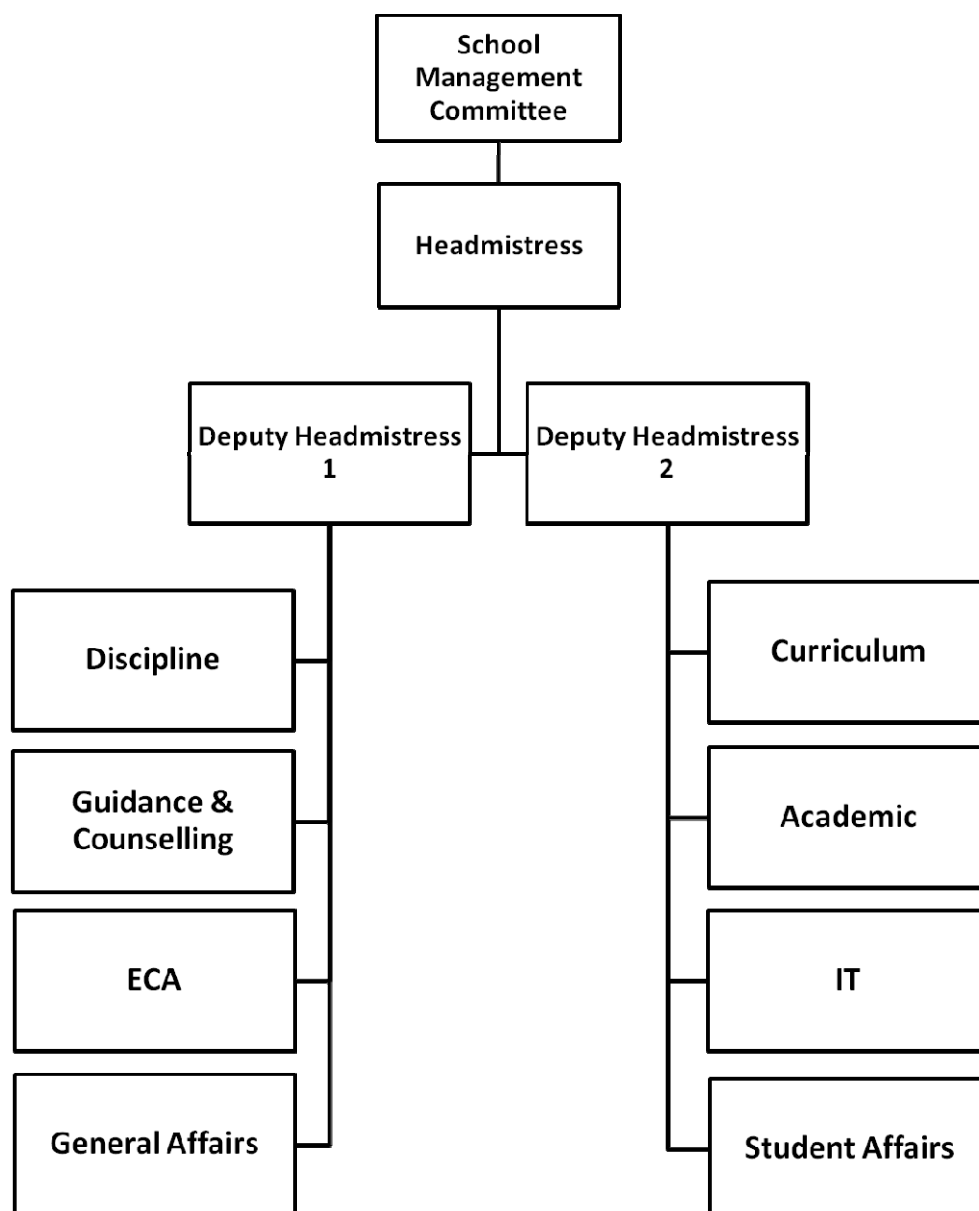

3. School Management

The School Management Committee has been set up since 1999. School policies are thoroughly discussed and endorsed in the meetings to ensure quality education for all the pupils.

School Management Committee

Place	Member
Chairman	Mr. LEE Sha-lun, Sheridan
School Headmistress	Ms. HO Mei-lin
Parent Managers	Mr. MOHAMMAD Shoaib Mrs. Ameena KHANDAKER Rimi
Teacher Managers	Ms. LEE Kwong-yung Mr. SIU Hoi-chee
Community Member	Ms. ZAHOOR Socorro C.

4. School Organization

5. Staff Establishment

52 Teaching Staff	1 Headmistress, 2 Deputy Heads, 8 Senior Teachers, 1 Librarian, 1 Student Guidance Personnel, 1 NET & 38 Teachers
8 Support Staff	1 TSS, 1 SAA & 6 TAs
15 Clerical Staff and Janitors	1 ACO, 3 CAs, 1GC, 5 WMs & 5 Janitors

7. Teachers' Qualification

8. Teachers' Experience

9. Teachers' Professional Development

At Li Cheng Uk Government Primary School, the professional development of all staff is a crucial undertaking that is designed for educators to nurture current skills and to promote new pedagogies in order to maximize pupils' learning outcomes. Delivery of relevant professional development may take the form of on-site Staff Development Days with in-house sharing, presentations from knowledgeable guest speakers, visits to other learning communities, attendance at off-campus courses and workshops. Teachers who have gained valuable insight through any of these medium are encouraged to share their findings, opinions and strategies with the entire staff. Additionally, the school has equipped and refined the education process by arranging co-planning and co-teaching sessions in which colleagues learn from one another. To assist new teachers in becoming competent and effective professionals in the classroom, induction and mentoring programmes have been established and maintained throughout the year.

Date	Theme
<i>Staff Development Days</i>	
25/1/2017 (Fri)	Joint-school Teachers Professional Development Programme
2/5/2017 (Tue)	AM: Evaluation of Annual School Plan 2016-2017 PM: Discussion on “School Policy and Procedure Manual”
19/5/2017 (Fri)	AM: Writing of school plans 2017-2018 PM: Visit to SKH Kei Oi Primary School – E-learning in Practice
<i>Professional Sharing</i>	
9/2016 -7/2017	Chin/Eng/Math/GS Co-planning Meetings
9/2016 -7/2017	School-based Support for P.4 Maths Co-planning
9/2016 -7/2017	Maths Learning Circle
30/9/2016 (Fri)	STEM Workshop
12/10/2016(Wed)	Review on school-based GS curriculum & Thematic Talk on SCT
2/11/2016 (Wed)	Co-planning with HKU Scholars on teaching electricity with SCT skills and e-learning elements
23/11/2016 (Wed)	Co-planning with HKU Scholars on teaching electricity with SCT skills and e-learning elements
7/12/2016 (Wed)	Lesson Observation on SCT skills, e-learning skills and student self-evaluation
16/12/2016 (Fri)	Incorporation of critical thinking in GS curriculum Thematic Talk on Critical Thinking Maths Workshop on Problem Solving
10/1/2017 (Tue)	Seminar on Basic Law
13/1/2017 (Fri)	English Workshop on Space Town (NET)
20/1/2017 (Fri)	Chinese Workshop on Writing for Lower Primary Pupils (初小寫作)
24/2/2017 (Fri)	Speech Problems
8/3/2017 (Wed)	Chrome/ Google Classroom Workshop
7/4/2017 (Fri)	STEM Education in Practice
13/6/2017 (Tue)	Teachers’ Professional Sharing: Self-directed learning / Middle Management
16/6/2017 (Wed)	Thematic Talk on e-learning (STEM Education)

10. Communication with Parents

The school communicated with parents through different channels such as school circulars and notices, School Newsletters, PTA Newsletters, student handbook and school website. By holding Parents’ Day, parents were also advised of the expectations as well as policies of the school. Students’ academic progress and behaviour at school were also reported to parents.

To enhance home-school co-operation, parents were also invited to participate in some of the school events such as PTA AGM, PTA Picnic, Prize-giving Day, Parent-child Educational Games Quest, Games Day, Sports Day and Graduation Day. Parental workshops, talks and interest classes were arranged for parents so as to enhance their parenting skills and facilitate their children to learn. In addition, teachers have often kept parents well informed of their children’s performance at school by phone and parents are welcomed to make appointments with teachers.

11. The Parent Teacher Association

The Parent Teacher Association was formed in 1997. Matters of mutual concern were thoroughly discussed with an effort to improve pupils' personal and academic growth.

Parent Teacher Association Executive Committee Members:

Post	Parent Committee	Teacher Committee
Advisor	-----	Ms HO Mei-lin
Chairperson	Mr Edilberto C. Billones	-----
Vice-chairperson	Ms Zahoor Socorro Casas	Ms HO Shiu-fun
Secretary	Mrs Ameena Khandaker Rimi	Ms Devneer
Treasurer	Mr Omar Shahnawaz	Ms YAU Shuk-ling
Welfare and Activities Coordinator	Mr Bernard Hutabarat	Mr YAU Man-yiu
	Mr Muhammed Backer	Ms Kwok Wing-yiu
Liaison Officer	Ms Lau Wan Yu	Ms SUNG Yi-tim
		Ms Chui Ming-pui

6C2	3	3
Total:	453	411

II. Learning and Teaching

1. Lesson Allocation for Key Learning Areas Per Week

Subjects/ Level	Period	Minutes	Percentage
Chinese	6 (45'')	270''	15.7%
English	7 (45'')	315''	18.3%
Mathematics	6 (45'')	270''	15.7%
General Studies	4 (45'')	180''	10.4%
Information Technology	0.5 (45'')	22.5''	1.3%
Visual Arts	2 (45'')	90''	5.2%
Music	2 (45'')	90''	5.2%
Physical Education	2 (45'')	90''	5.2%
Library + Strive for Improvement Programme + Integrated Lesson + Extra-curricular activities + Class Period	5 (60'')	397.5''	23%
Total	-	1725''	100%

* P. 1-6 Urdu lessons are conducted in Integrated Lesson.

2. Learning Time of Key Learning Areas Per Week (P.1-6)

3. Examinations

Examination	Date
First Mid-term Test (P.1-5) & Half-yearly Exam. (P.6)	4/11/16 - 8/11/16
Half-yearly Exam. (P.1-5) & First Mid-term Test (P.6)	6/1/17 - 10/1/17
Second Mid-term Test (P.1-5) & Final Exam. (P.6)	29/3/17 - 31/3/17
Final Exam. (P.1-5) & Graduation Exam. (P.6)	6/6/17 - 8/6/17

4. Number of Active School Days

Number of Active School Days in 2016-2017:

Level	No. of Days
P.1 – P.6	190

5. Reading Habit

6. Major Focus in Core Subjects

Chinese

1. 透過《中文錢箱》，小一至小三科任老師提供預習紙，內容包括部件、字形結構、字詞、重組句子或簡單句式，讓學生進行預習。
2. 小四至小六的科任老師鼓勵學生自行利用工具書於課前預習及不同修辭手法，定期作出反思，並評估自學過程。
3. 學生從範文中學習詞彙、句形及修辭技巧，應用於日常寫作中，初小(小一至小二)應以看圖識字到簡單句子寫作，繼而(小三至小四)寫作簡單段落，最後(小五至小六)就寫作短文。完成寫作作品，高年級學生可利用自評表，優化文章，並加以修正。
4. 透過不同網上資源(如筆順、字形、句式和閱讀短文)，提升學生的自主學習能力。

English

1. Teachers design some questions including finding out the meaning of words and comprehension questions about the reading text of each unit during co-planning meetings as the pre-lesson tasks.
2. Pupils self-read the unit and answer the comprehension questions before lessons.
3. Pupils reflect and conclude learning content with the guidance or checklists provided by teachers.
4. Teachers design a reading comprehension task focusing on using story map (graphic organizer) to comprehend recounts in each term.
5. Pupils use story map (graphic organizer) to comprehend reading tasks.

6. Various reading materials are put in the self-access corner.
7. Encourage pupils to share different reading materials e.g. newspaper, storybooks, magazines
8. Provide related e-learning resources
9. Online learning platform award scheme is launched. Top scorer of the month in each class is awarded to use ipad to play English games in recess.

Mathematics

1. Teachers discuss and list out the topics which can apply the graphic organizers and encourage pupils to use them:
 P.1 and P.2: Visualize text information by drawing
 P.3 to P.6: Table and charts
2. Self-learning activity sheets are provided at the cabinet of the classroom. The topics are set according to the topics in the textbook. Teachers check the answer before they start that particular topics.
3. Online information or newspaper related with maths topics are posted at the self-learning corner.
4. Reflection and conclusion of each topic are made under the guidance of the teachers and are gradually made by pupils themselves.
5. Record of Maths online learning scheme (planetii) is generated in alternate months, top three in each class are awarded to use ipad to do Maths learning apps during lunch time.

General Studies

1. Pupils complete pre-task worksheets by reading textbook, websites or fact sheet.
2. Pupils write what they know on KWL sequence chart (KS2) as pre-task. The KWL sequence chart is about what pupils know, want to know and have learnt about a topic.
3. Pupils (KS1) learn to use different graphic organizers - with emphasis on tree diagram and table
4. Pupils (KS2) learn to use different graphic organizers - with emphasis on cycle and hierarchical organizer
5. Pupils' skills and knowledge are developed through diversified learning activities such as discussion, drawing, investigation, reading and experiment.
6. Pupils' self-learning ability is enhanced through reading library books. Their learning towards the topic is extended.
7. Pupils' analytical skills is developed through incorporating open-ended questions set by teachers in newspaper tasks and class discussion
8. Pupils have to use self-access corner to read news bi-weekly and report it in class.

7. External Curriculum support

In 2016/2017 school year, the school sought external support for curriculum development in the following subjects:

Subject	Level	Name of the Programme	Organization
中文	小一至小三	初小中文分層支援教學模式	香港大學及教育局
Mathematics	P.4	School Based Support Programme	School Based Support Service, Education Bureau
General Studies	P.5	Optimizing Small Class Teaching Support Programme for General Studies	University of Hong Kong
Mathematics	Two P.2 subject teachers	Mathematics Learning Circle	School Based Support Service, Education Bureau

III. Support for Student Development

1. School Functions and Activities

Date	School Functions and Activities	Participants
29/8/2016	P.1 Orientation	P.1
5-23/9/2016	Eid Card Design Competition	P.1-6
20/9/2016, 3/10/2016, 5/10/2016, 11/10/2016, 14/10/2016, 20/3/2017, 22/3/2017	BBBS Training	BBBS
3-14/10/2016, 15-26/5/2017	Discipline Competition	P.1-6
5-6/10/2017, 11-12/10/2017	STEM Activities	P.5

7. Guidance Programme & Personal Growth Education

A. The Guidance and Counselling Stream provides guidance service for our pupils. The service focuses on remedial, preventive and developmental programmes. Social and developmental programmes are implemented. Preventive and follow-up programmes are carried out in dealing with discipline problems. Team members constantly communicate with parents, the police and professionals so as to foster pupils' personal and social development.

Programme	Level					
	P.1	P.2	P.3	P.4	P.5	P.6
1. Strive for Improvement Programme (SIP)	✓	✓	✓	✓	✓	✓
2. Big Brothers & Big Sisters Programme (BBBS)	✓	✓	✓	✓	✓	✓
3. Understanding Adolescence Programme (UAP)				✓	✓	✓
4. Group Activities	✓	✓	✓	✓	✓	✓
5. Cleanliness Competition	✓	✓	✓	✓	✓	✓
6. Educational Talk/Seminar/Drama	✓	✓	✓	✓	✓	✓

B. Strive for Improvement Programme

The overarching aim of the programme is to foster pupils' personal and social development. There are two purposes. One is to make all pupils understand how well their performance is in the domain of developing positive characters. The second purpose is to award those pupils who show good performance in the said domain.

8. The Understanding Adolescent Project (UAP)

The Understanding Adolescent Project (UAP) is a comprehensive support programme for personal growth. It aims at enhancing pupils' resilience in coping with the challenges they have to face as they grow up through enhancing their competence (I can...), optimism (I am...) and belongingness (I have...).

Adhering to the principle of 'compliment, acceptance, and appreciation', our teachers and social workers (from Potential Engine) promote pupils' sense of self-efficacy not only through praising pupils for their achievements, also by accepting their mistakes and appreciating their efforts to try.

The UAP provides pupils lots of learning opportunities of experiencing, processing, reflecting, and acting such as night walk, group competitions and adventure-based activities. The positive effects of the UAP on pupils, parents and teachers have been evidenced by survey, interview and observation. The programme is found to be effective in improving pupils' abilities on various dimensions including anger management, conflict resolution, problem solving, communication skills, classroom behaviour, belongingness to school, optimism, sense of responsibility and willingness to help others. Similarly, teachers and parents agreed that they had gained better understanding and built up better relationship with the pupils.

The activities were shown as follows:

Item	Name of Activities	P4	P5	P6
A	Orientation	✓	✓	✓
B	Small Group Session	✓	✓	✓

	Ukulele	P.4-6	18-10-2016 to 23-5-2017
School-based Grant	Fun with Mathematics (1)	P.1	17/11/2016 to 20/12/2016
	Fun with Mathematics (2)	P.2-3	17/11/2016 to 20/12/2016
	English Games	P.1-3	17/11/2016 to 20/12/2016
	Lego Creative Workshop	P.4-6	17/11/2016 to 20/12/2016
	Water Color Painting	P.4-6	17/11/2016 to 20/12/2016
	World Explorer Workshop	P.3-4	23/2/2017 to 1/6/2017
	Generic Skill Learning Workshop	P.5-6	23-2-2017 to 1-6-2017
	Dyeing Art Workshop	P.4-6	13/3/2017
	Fusion Bollywood Dance Workshop	P3-6	14/3/2017, 15/3/2017
	Disneyland Learning Trip	P.1-6	14/1/2017
	Jazz & Hip Hop Dance Workshop	P.3-6	13/6/2017, 15/6/2017
	Dialogue in the Dark Learning Trip	P.3-5	17/6/2017

10. Uniform Groups & Service Groups

Groups	Participants
Brownies	P.4-6 (22 pupils)
Cub Scouts	P.1-6 (16 pupils)
Sunny Kids	P.4-6 (9 pupils)
Health Ambassadors	P.4-5 (20 pupils)
Understanding Adolescent Project	P.4-6 (54 pupils)
School Prefects	P.4-6 (85 pupils)
Library Prefects	P.4-6 (30 pupils)
I.T. Prefects	P.4-6 (30 pupils)
P.E. Prefects	P.4-6 (8 pupils)
Big Brother and Big Sister Programme	P.4-6 (62 pupils)
First Aids Helpers	P.4-6 (10 pupils)
School Bus Prefects	P.4-6 (16 pupils)
CYC	P.1-6 (All pupils)

11. Moral and National Education

A. New School-based MNE Curriculum

In 2016/2017 school year, the school-based Moral and National Education (MNE) was implemented in full scale. A set of learning materials was devised under the seven areas which are geared to the non-Chinese speaking (NCS) context of LCU. The seven areas in the MNE curriculum framework include a) National Identity b) Responsibility c) Perseverance d) Commitment e) Love and Care f) Honesty g) Respect. The learning materials are designed in a way that help to a) equip pupils with the analytical mind b) foster moral reasoning c) trigger discussion d) induce reflection.

In the process, the teacher assistant provided tremendous support in modifying and fine-tuning the learning materials.

The MNE curriculum was implemented through a series of programmes which included MNE workshop, Basic Law Stall Games, Basic Law Fun Fair, talk on “Sense of Belongingness”, etc. Besides, the MNE curriculum was incorporated into the SIP Programme in the IL lessons.

On the whole, pupils’ moral and national qualities could be raised. They

showed improvement in terms of living habits, learning attitude, interpersonal skills as well as intrapersonal skills.

With reference to the data in the end-of-term evaluation form, 100% of teachers agreed that the SIP lessons, in which Moral and National Education was incorporated, improved pupils' social skills. 100% of teachers agreed that most of the pupils could behave according to the checklist of compliant behaviours.

B. Dragon of the Orient

'Dragon of the Orient' was the theme highlighting Moral and National Education which was an integral part of our school curriculum. Through a series of workshops, we targeted to let pupils have a better understanding of the Chinese culture so that they could integrate better into the local context. Under this theme, Primary Six pupils had the hands-on experience in raising the National Flag of China, practising Eight-section Brocade and using chopsticks.

Etiquette of Raising National Flag of China

National Flag Raising Ceremony is an absolutely solemn occasion. In the workshop, pupils tramped their marching feet to the flag pole, spread out the National Flag and then raised it in a respectful way along with the National Anthem. More importantly, they understood more about the protocol in the National Flag Raising Ceremony.

The flag raising team was set up and members were trained for months to prepare for the 1st national flag raising ceremony which was held on 26th June, 2017.

Eight-section Brocade

Eight-section Brocade is one of the most common forms of Chinese Qigong which is believed to bring about relaxation, better health & even longevity. Following closely the tutor's instruction and demonstration of slow movement, pupils attempted to feel the flow of air and blood along the vessels as well as the tranquillity of mind in an environment of absolute silence.

Via tutor's explanation and demonstration, powerpoint slides, video clips and hands-on experience, pupils knew more about Chinese traditional martial arts and Chinese medicine theories.

Chopsticks Come in Pairs & Chinese Dining Etiquette

In the workshop, pupils learnt the 'Dos and Don'ts' of using chopsticks. And they tried hard with fun to practise using that tapered wooden sticks to pick up tiny peanuts. What's more, pupils learnt the Chinese dining etiquette. They sat around the makeshift dining tables on which Chinese traditional virtues and notions such as 'politeness', 'respect', 'family completeness' as well as 'filial piety' are all embodied and fully reflected.

C.2-day Study Tour

30 P.5 & P.6 pupils joined a 2-day study tour to the Mainland with focus on visiting the historic relics of Opium War and Dr. Sun Yat-sen:

On Day 1, the pupils visited Wei Yuan Fort, Humen Lin Ze Xu Memorial Hall and the Pool for Burning Opium as well as Sun Wen Memorial Park.

On Day 2, they visited Xin Hai Revolution (1911 Revolution) Memorial Hall and the Former residence of Dr Sun Yat-sen

From the survey collected after the study tour, over 80% of the pupils agreed that the visits of these historic relics made them understand the important life events of Dr. Sun Yat-sen and knew more about the rationale behind Xinhai Revolution and his great contribution to China.

IV. Student Performance

1. Scholarships

Scholarships	Participants
Home Affairs Department: Harmony Scholarship	5A Khurshid Areeba 5A Toledo Zed Emanuel Doron V 6A Ahmed Altaf 6A Mahmood Eshal Taghbeen
Hong Kong Chaoren Shamshuipo Clans Association Ltd: Tsui Mei Ki Scholarship	5D Gaha Tushan 5D Haroon Tasnim Chaudhry

2. Pupils' Physical Development

Physical fitness is important for all children. The School Physical Fitness Award Scheme has been implemented to promote our pupils' physical well-being of all the pupils.

The School Physical Fitness Award Scheme aims at promoting the awareness of health-related fitness among pupils and encouraging them to participate in regular exercises. Primary Three to Primary Six pupils join the Scheme every year. Participating pupils are required to take physical fitness tests at least once each school year. If their results in the tests reach the required levels, they will be awarded a gold, silver or bronze certificate.

Results of the tests are not going to be used to predict the future performance of individual pupils in sports. However, we can derive the norms from the test results of our pupils and compare them with those of the other schools. Then, we may have a clear picture of the physical fitness level of our pupils. We may use the results to plan suitable physical activities for pupils in PE lessons or Extra-curricular activity lessons.

Items tested include:

1. Bent-knee Sit-ups (muscular endurance)
2. Sit-and-reach (flexibility)
3. Endurance Run / Walk (cardiovascular endurance)
4. Handgrip (muscular strength)

Results of the school year 2016-2017:

Total score	Award	Percentage
16 points or above	gold	14.60%
13-15 points	silver	25.69%
10-12 points	bronze	29.39%

Analysis of results:

1. In total, 436 pupils joined the scheme. 64 pupils got gold awards, 111 pupils got silver awards and 127 pupils got a bronze award. 134 pupils who joined the scheme did not get any award. This shows that they are not really fit enough physically.
2. The percentage of pupils who were unable to get any awards was 30.32%.
3. Programmes boosting lifelong participation in sport should be carried out.

3. Inter-school Events and Awards

V. Achievements and Reflections on Major Concerns

Major Concern 1: To develop pupils' self-directed ability for independent learning

Achievement on Major Concern 1

Through pre-lesson enquiry, pupils learnt to prepare for lessons. By using search engine and QR code, learners accessed relevant websites to seek information regarding the topics they were going to explore. Via this practice, pupils had higher motivation in their studies and I.T. literacy was promoted correspondingly. Besides, according to the data in a survey, 100% of subject panels agreed that pre-lesson enquiry could a) motivate pupils to quest for knowledge b) train them up to have an inquiry mind c) develop their ability for independent learning.

Apart from this, Self-access corner could develop pupils' reading habit and help them become more autonomous learners. 100% of subject panels agreed that self-access corner could develop pupils' reading habit and help them become more autonomous learners.

Pupils also learnt to use graphic organizers to decode and encode meaning. The frequently-used diagrammatic representation included mind map, Venn diagram, tree diagram and KWL. By employing graphic organizers, pupils could better organize what they had learnt in a systematic and co-ordinated manner. In the scrutiny of pupils' work, it was found that over 90% of pupils were able to apply graphic organizers in their assignment. What's more, pupils learnt various study skills and learning strategies in different subjects including mnemonics, metacognition and note-taking. It was perceived that pupils generally became more self-regulated and autonomous in the learning process. Some pupils even demonstrated to be active learners and some had intrinsic motivation to quest for knowledge.

The installation of Wifi 900 was underway. Despite this, some teachers embarked on e-learning with the provision of current resources. In LCU, more and more teachers made good use of i-pads and e-resources in their lessons. Using i-pads was a fabulous way to brighten up some potentially dull or textbook-bound learning content and unmotivated pupils. Using i-pads also boosted pupil-pupil interaction and immediate quality feedback from teachers. Now, pupils got familiar with searching information via a link or QR code. They were also learning how to organize those information and make synthesis. Some pupils showed that they were skillful to attach photos and voice recordings on their i-pads. Without a doubt, e-learning and i-pads made learning more lively and effective inside and beyond classroom.

Reflection on Major Concern 1

Building on the experience of this year, practices of collective learning and sharing through school-based teachers' professional development programme shall be further optimized with a focus on analyzing learning outcomes in the coming school year.

Moreover, a subject-based e-learning resources data bank shall be set up for teachers' easy reference. These resources shall be trialed out and their effectiveness shall be evaluated in the collaborative lesson planning and lesson observation review sessions.

With the support of Wifi 900 and better IT equipment, the school shall accelerate e-learning in practice. A google classroom shall be set up to provide an interactive platform to support e-learning. Pupils' skills of using the interactive e-learning platform to learn and their attitude of taking more responsibility for their own learning shall be strengthened. Moreover, greater opportunities to use school facilities to access e-learning materials shall be catered.

Owing to the lack of resources, self-directed learning materials available in the self-access corner are limited. Use of multiple technologies in a more independent setting shall be set up with a hope to improve motivation and increase pupils' ability to work independently.

Major Concern 2: To develop positive values and attitudes through moral and civic education

A. Cultivate pupils' positive attitudes so that they will strive for excellence

Achievement on Major Concern 2

With materials developed according to the developmental and learning needs of students, Strive for Improvement Program (SIP) was successfully implemented through the joint effort of SGP and class teachers. All teachers found that SIP could facilitate pupils' personal growth through talks, sharing, role-play, video broadcast and discussions on daily life experiences. Furthermore, social issues and news related to the foci of SIP were raised for discussion to enhance pupils' awareness of world issues and widen their horizons.

To strengthen the learning impact among pupils, five-minute thematic talks in morning assemblies were arranged. With role plays and sharing conducted by students, more than 90% of the teachers agreed that pupils were attentive to the content which correlated with the foci of SIP. The talks could successfully develop pupils' different core values.

Apart from thematic talks, educational talks were held to disseminate messages conveyed in SIP. More than 90% of the teachers agreed that the talks could meet pupils' developmental and learning needs.

Regarding the foci of SIP, Apple of My Eyes Award was launched. With full pupils' participation, it was found that the award was able to recognize their effort in striving for self-perfection in terms of good attitudes and behaviour in daily school life.

To further encourage pupils to work on the foci of SIP, Be a Compliant Pupil Programme was held. It intended to motivate pupils to set their own achievable goals in terms of compliance and be committed to accomplish them. All teachers noticed that students could reach their goals and act according to the checklist of compliant

behaviours.

Big Brothers & Big Sisters Programme (BBBS) was held to promote the notion of responsibility as well as a culture of love and care. All teachers recognised the effectiveness of the programme in fostering the sense of responsibility among pupils concerned and nurturing a caring culture in which positive friendship and personal growth between the BBBS and schoolmates was built.

In addition, Understanding Adolescent Programme (UAP) was conducted to enhance participants' competence, sense of belonging and resilience. All teachers agreed that the programme could enhance pupils' competence, sense of belonging and resilience.

For the learning environment, banners were displayed in the school campus to strengthen pupils' proper behaviour. More than 90% of the teachers noticed that pupils were able to show corresponding good attitudes and behaviour in school life. Moreover, cue cards and posters promoting appropriate behaviours in class were displayed in P1 and P2 classrooms. More than 90% of the teachers found that the process of adaptation into the school environment among the pupils was boosted.

Reflection on Major Concern 2

The school-based SIP curriculum has been well-received by pupils and teachers. It allows pupils to acquire integrated knowledge from different components of the comprehensive curriculum. To address more precisely to the needs of the pupils, the curriculum will be enriched to allow pupils to understand more about the local community. Visits and social services would be arranged so that pupils can participate in the community activities. Furthermore, each unit in the curriculum will be accompanied by a forum which encourages pupils' to share their experience.

Apple of My Eyes has successfully laid the ground work for encouraging appropriate behaviour among pupils. To further foster their sense of responsibility as well as love and care towards one another, two new programs are going to be carried out in the coming academic year. The first one is 'One Student One Post': Every student will be assigned a post in the class so that pupils learn how to be a

responsible member in the class. The second one is 'Lightening School Bag Programme' through which pupils will learn how to be responsible for their own belongings.

To further enhance pupils' whole person development, in addition to BBBS, a series of new programmes – Hong Kong Rugby Spirit, Junior Tennis and Squash Program – will be introduced. Pupils are anticipated to broaden their horizons not only in terms of the games but also learn in the areas of team spirit, love and care through participating in the games.

Putting theories into practice is an important learning process. Community services and activities such as visit to elderly homes, special schools and parent-child flag selling activity would be carried out. Through participating in various activities, pupils can interact with different people and become more engaged in the community as responsible and active citizens.

Aiming at helping pupils with difficulty adjusting to everyday demands of their regular classrooms, playgrounds and at home, developmental group programs – training groups for social skills, concentration skills, self-management skills, leadership skills, self-confidence enhancement and emotion management – will be provided. Pupils are expected to deal more effectively with challenges through partaking in the structured learning opportunities for healthy social, emotional and behavioural development.

As level discipline meetings are found to be an effective platform for professional exchange and analysis for pupils in need, they will be continued to run. Furthermore, Angel Teachers will be assigned to take care of at-risk children on a one-to-one basis.

B. Equip parents the appropriate skills to help their children build up commitment and perseverance

Achievements

In the current year, a series of parent educational programmes had been rendered to enhance parenting skills concerning fostering children's commitment and perseverance. In the P.1 Parent Workshops, parents learned how to help their children with the smooth adaptation into school lives and how to commit themselves in a new environment. Parents learned about the emotional needs of their children and how to communicate with them effectively in the SGP Talks. To cater for individual needs, parent-child after school group activity had been arranged. Parent Workshops in group activity emphasising on emotional control were organised. More than 75% of the participants agreed that the workshops, talks and group activities could equip them with appropriate parenting skills concerning fostering children's commitment and perseverance.

Besides that, in the parent-child workshop provided by the NGO in Community Visit this year, parents and children were encouraged to strengthen their mutual understanding, interactions and intimacy towards one another. All the participants agreed that they had acquired the basic skills of communication.

Reflections

In view of the rapid changes in our society, the provision of thematic talks or workshops on enhancing parents to support students' learning will be added. Parents will be better equipped in order to help their children develop their self-directed learning ability. Besides, parents were encouraged to make full use of the e-learning platform to assist their children to be responsible learners. Furthermore, specific workshops for ethnic minority groups will be conducted to facilitate integration among parents.

VI Key Issues of the New School Development Plan 2017 – 2018

Major Concern 1: To develop pupils' self-directed ability for independent learning

1. Enhance hardware and infrastructure
 - Set up campus wifi
 - Upgrade PCs, tablets and equipment for teaching purpose
 - Create a google classroom platform
 - Create a subject-based resource bank for teachers' reference
2. Enhance teachers' professional knowledge on self-directed learning
 - Arrange School-based Teachers' Professional Development Programme with a focus on implementation of self-directed learning
 - Professional sharing on implementation of e-learning materials during CLP meetings of 4 major subjects
3. Develop pupils' learning strategies and study skills
 - To enhance pupils' subject-based learning strategies through:
 - i. Pre-lesson enquiry
 - ii. Self-access Corner
 - To equip pupils with various study skills with a focus on:
 - i. Graphic organizers or diagrammatic representation such as mind-mapping, tree diagram and KWL charts to decode and encode information
 - ii. Note-taking skills, metacognition skills, mnemonic devices, reading skills, six thinking hats and online reading to bring about self-directed learning
 - Strengthen pupils' information and technology literacy in terms of knowledge, skills and attitude to support independent, individualized and interactive learning.
4. Enhance Chinese learning
 - To extend Chinese learning through:
 - i. Allocating more teaching time to Chinese lessons
 - ii. Restructuring the Chinese Language curriculum
 - iii. Organizing Chinese Remedial Programme
 - iv. Organizing one-to-one basis Chinese Speaking Training
 - v. Creating authentic situations including organizing visits to local community, schools or institutions for pupils to apply their Chinese Language skills
 - vi. Organizing whole-school approach activities through which pupils are immersed into the Chinese culture
 - vii. Setting up a print-rich environment and technological devices are introduced in the campus to visualize the Chinese elements
5. Nurture creative problem solvers through STEM education
 - To develop school-based trans-disciplinary programme to promote STEM Education in senior year levels.

Major Concern 2: To develop positive values and attitudes through moral & civic education

1. Foster pupils' positive values with a focus on love and care
 - Implementing School-based Moral and Civic Education Curriculum
 - i. Thematic Talks
 - ii. Enrich SLP curriculum
 - Implementing the Whole School Approach Award Scheme.
 - i. Apple of My Eyes
 - ii. One Student One Post
 - iii. Lightening School Bag Programme

2. Identify pupils' need and render specific support programmes
 - Implementing Whole Person Development Programme
 - i. Hong Kong's Rugby Spirit
 - ii. Junior Tennis
 - iii. Squash Programme
 - Implementing Developmental Group Programmes
 - i. Social Skills
 - ii. Concentration Skills
 - iii. Self-management Skills
 - iv. Leadership Skills
 - v. Self-confidence Enhancement
 - vi. Emotional Management Training
 - Application in real contexts through:
 - i. Visits
 - ii. Community services

3. Identify pupils' need and render individual support to pupils in need
 - Professional analysis on pupils' need through level discipline meetings
 - Assign "Angel Teacher" to take care of each at-risk child on one-to-one basis

4. Equip parents with appropriate parenting skills and foster home-school co-operation
 - Parents Education Programme
 - i. Thematic Talks
 - ii. Specific workshops for ethnic minority groups
