# About LCU

## An Environment for Growth

We focus upon providing quality learning opportunities for all children. We strive to provide a well-rounded education that values and supports the intellectual, physical, social and moral development of each child. We have a commitment to ensure that quality learning and teaching is the central focus of every classroom.

Having great fun in drama learning

## Bilingualism

LCU is a bilingual government primary school. We aim to equip our students with strong language competencies in both English and Chinese. While English is the medium of instruction in most subjects, our school-based Chinese as a second language curriculum excites our students in learning about the Chinese language, heritage and history. Students are grouped into different classes according to their language background and particular needs. Students are frequently exposed to authentic environment to practise their language skills.

Doing drama about Chinese History

## Quality Staff

Our teaching staff is dedicated to enabling our students to achieve their full potential. All our teachers are qualified teachers with Bachelor or Master Degrees. They are patient, caring and devoted in teaching.

Our teachers learn and work collaboratively

## Students with Diversified Cultural Background

Our student cohort embraces many ethnic backgrounds including Nepalese, Pakistani, Indian, Filipino, Bangladeshi, Chinese and many others. Cultural harmony and respect are the core values in LCU.

Students come from different countries enjoy their learning in our big family.

# Smooth Transition from Kindergarten to Primary One

Moving from kindergarten to primary school is a very big challenge for young children. They need to have someone to help them adjust and adapt to the new school life. LCU provides Summer Chinese Bridging Programme to P.1 students and parents to get them ready for primary school. Parents can also join our Orientation Day with their children in August to better understand what students learn in class. Transition Programme with various meaningful activities in September helps P.1 students to make friends and get them familiar with the school routine. Students are taken good care of by the dual class teachers and big brothers and sisters throughout the year.

To help students learn with ease and enjoyment, there are no dictations, tests or examinations for P.1 students. Different modes of formative assessments are carried out from time to time for parents and teachers to have a clearer picture of their learning progress.

## Summer Chinese Bridging Programme

Parent-child making dessert

Visiting the historic building-Tai Kwun

## Orientation Day

Touring around the school with teachers and classmates

## Transition Programme

Line tracing exercise

Stretching exercise after naptime

Getting to know our classmates on Orientation Day

## Supporting Individual Needs

Every student is a unique individual. Some may need extra support in academic, social and emotional development. Educational psychology service, small group programmes and individualized training are provided to those in needs. For those who need a listening ear or to seek advice about personal issues, the school guidance personnel is always there to give assistance and guide our students to meet with life challenges.

# Nurturing Sound Characters

To prepare our students to be responsible citizens, showing respect and care for others in a diversified society, a series of development programmes are designed to instil sound values and develop skills for life and social competency. Strive for Improvement Programme, Apple of My Eyes Programme, One Student One Post Programme, Angel Teacher Scheme, Mentorship Programme and Leadership Training Programme are implemented throughout the year. By participating in these programmes, students acquire core values of personal growth education, moral and civic education, environment protection, life education, health and sex education which are keys to their whole person development. LCU provides our students with a wide range of experiences and ample opportunities to develop the values they need for life.

**Strive for Improvement**  
Participating in discussion

**Apple of My Eyes Programme**  
Recognizing students' effort to strive for improvement

**Big Brother and Big Sister Programme**  
BBBS care and support the juniors

**Understanding Adolescent Project**

UAP camp activity for students and parents to build confidence and resilience towards challenges

**Leadership Training Programme**  
Enhancing students' leadership, confidence and ability to work as a team

**Thematic Talks**  
Giving important messages to fellow schoolmates

**One Student One Post**  
All students contribute their effort and make LCU a better place to study!

# Nurturing Students for the Future

## Innovation-led Curriculum

To equip our students to cope with challenges in the 21st century, meaningful learning activities are designed to deepen their understanding in different subjects, develop their critical thinking and innovation, and apply the knowledge they have gained across different disciplines. Our lessons are facilitated with Google Classroom which makes learning more productive, collaborative, and meaningful. Students of all levels have access to a wide range of technology devices, including desktop computers, iPads, Apple Pencils, VR learning kits, drones, 3D scanner and printer, micro:bit, Lego robots and Marty robots, etc. Our students also undertake coding and basic AI courses during IT lessons to learn about computational thinking, using mathematics and logic to solve problems. Classrooms at LCU are fun, pleasant and vibrant places of learning where creativity is encouraged.

Apart from core subjects, our school offers after-school language elective classes for students to extend their language abilities.

Core Subjects		After-school Language Elective Classes
- Chinese	- Music	- Urdu Interest Class
- English	- Visual Arts	- Nepali Interest Class
- Mathematics	- Physical Education	- Hindi Interest Class
- General Studies	- Information Technology	- Filipino Interest Class
		- Putonghua Interest Class

Self-directed learning with iPad

On-line reading and interactive games with iPad

Authentic learning with VR (Virtual Reality) Learning Kit

Dynamic project learning

Programming with Lego robots

Coding with micro:bit

Programming with Marty robots

Junior AI courses

Shooting video with drone

Exploring the city with drone

Learning volume with a 3-D printer

Students' energy generator design

Our creative 3-D products

Learning dimension with a 3D scanner

Nepali Interest Class

Urdu Interest Class

Filipino Interest Class

Hindi Interest Class

Putonghua Interest Class

# Widening Horizons

To provide joyful learning experiences and equip our students with generic skills to face the challenges of tomorrow, LCU is keen to arrange various enrichment activities such as educational visits, study tours, community services for students of different key stages to enrich their school lives and widen their horizons.

**Educational visits** are arranged along the themes of learning modules for students of all levels to enrich their knowledge and exposure to real world challenges.

Visit to Ocean Park

Visit to Disneyland

Visit to Science Museum

Chinese Opera Workshop

**Play-based activities** including social storytelling, board games, cultural activities, juggling class, sensory integration therapy are conducted to cater for students' wide spectrum of developmental needs.

Doing stimulating exercise during Sensory Integration Therapy

Learning collaborative skills through playing board games

**Study Tours** to various cities are arranged for students to understand different cultures and heritage. Such exposure allows our students to develop a global perspective of the world.

Walking on the Great Wall in Beijing

Visiting the important historical sites in Guangzhou

**Participation in competitions** allows students to apply their knowledge and skills in real life situations. We provide opportunities for our students to widen horizons and challenge themselves through various inter-school competitions.

Underwater Robot Competition

Robofest 2019

China's 40-year Reform and Opening Up Project Learning Award

**Integration into the local community** enables our students and their parents to lead a positive and meaningful life in Hong Kong. Helping them to understand and interact with the local community is crucial for their integration. A range of interesting community visits to different parts of the territory such as Tsim Sha Tsui, Hong Kong Island, Cheung Chau, Lam Tuen, Ping Shan, Tai O are arranged to enrich partakers' understanding of local traditions and cultures.

Our students care deeply about others and the community we live in. They strive to show their concern and create a positive impact on the local community. Voluntary services such as flag selling, visiting the elderly and students with special educational needs are organized for them to show their care.

Community Visit to Tai O

Community Visit to Ping Shan

Visiting elderly living alone

Community Visit to History Museum

Participating in flag-selling activity

# Stretching Potential

To provide students with an all-round education, a wide range of extra-curricular activities are arranged to develop their interests and stretch their potential in different non-academic areas. Through these activities, students enrich their general knowledge, widen their horizons, develop interpersonal skills and co-operation among others.

## Friday ECA lessons and After-school trainings

Lion Dance Group

Chinese Dance Group

Martial Arts Group

Chinese Ink Painting Group

Ukulele

Brownies

African Drum

Percussion

Innovative Toys

Cricket

Volleyball

Basketball

Hand Chimes

Choir

Cub Scouts

Lego Robotics Home Economics

Soccer

Athletic Team

# School Functions

We enrich our students' lives in LCU by organizing various school functions throughout the year. Thematic events such as Dress Causal Day, Green Picnic, Sports Day, Christmas Celebration, Cultural Day, Talent Show and LCU Showcase are held to motivate students' interest to learn, broaden their horizons, inspire their minds and foster their whole-person development.

## Dress Causal Day

We wore our beautiful costumes to support Dress Causal Day.

## Green Picnic

We challenged ourselves by learning something new.

## Sports Day

We tried our best in the competition.

## Christmas Celebration

We were very lucky to get Christmas presents.

## Cultural Day

We wore beautiful costumes on Cultural Day.

We tried Henna Painting to make ourselves beautiful.

We wrote Chinese New Year greetings with brushes.

## Talent Show

We co-operated with each other and sang beautifully.

We were excited to watch the show.

We are talented in singing and dancing.

## LCU Showcase

Student showed his robot design to his schoolmates.

Students were proud to introduce their design of an underwater robot.

Students demonstrated how their underwater robot works.

## Educational Game Quest

Parents and students enjoyed playing games together in our Educational Game Quest.

Both parents and students were excited in the game.

We were very happy to play different kinds of board games and won prizes.

# Partnership with Parents

## Parent-Teacher Association

Parents are important stakeholders in LCU Family. The Parent-Teacher Association (PTA) was established in 1996. Parents and teachers collaborate with one another to provide a conducive learning environment for our students and enhance their learning experiences. We value parents' involvement and support for school activities and events. Our parents often assist us in leading and organizing school activities such as PTA Picnic, Community Visits and voluntary services.

## Parent Education

LCU offers a wide range of workshops, programmes and activities to parents to keep them abreast of the local education system and provide an interactive platform for them to participate in their children's learning and to assimilate into the local community.

Our tasty mooncakes and beautiful lanterns in Chinese workshops

What a bright and delightful PTA Picnic!

Colourful X'mas celebration of LCU's parents, teachers and students

Parents' participation in the 60th Anniversary Celebration!

Parents show great interest in the Maths workshop.

STEM Workshop - Parents attempt to move the Lego fan by using the app "WeDo"

Community Visits – traditional "Poon Choi" in Lam Tsuen and a day out in Tai O Village

# Our School Campus

Our school is located in the centre of Kowloon Peninsula. It is well served by transport links and is easily accessible. Our school hours are from 8:30 am to 3:30 pm. There are well-equipped facilities, e-learning resources and special rooms to enhance learning and teaching in LCU.

Assembly Hall

Playground

English Room

Computer Room

Music Room

Visual Arts Room

Library

Student Activity Centre

Well-equipped classroom

## Admission

### Primary 1

Primary One Admission System (POA School Net 40) through:

- Discretionary Places in September
- Central Allocation in January

### Primary 2-6

**Application:** Application forms are available in the School General Office and on our school web

**Submission:** Parents are requested to submit the completed application form in person with relevant documents to the school

### **Visit Us**

If you would like to visit our campus, our Admission Team is delighted to show you around and introduce you to LCU. To arrange a visit, please email us at [lcugps@edb.gov.hk](mailto:lcugps@edb.gov.hk).
