2. Postponement of Combined Diphtheria, Tetanus, acellular Pertussis & Inactivated Poliovirus Vaccine Immunization (DTaP-IPV & dTap-IPV) for P.1 Students

The date of the captioned immunization for P.1 students will be rescheduled due to the school closure. As such, P.1 parents should submit their consent forms and immunization cards to our school staff on **26.2.2021 (Friday)**.

3. **Opening of School Campus**

Our school would remain open to take care of those students who have to go back to schools because of the lack of carers at home.

4. **Health Advice for Parents**

You are strongly encouraged to download **LeaveHomeSafe** apps and use it when you enter LCU. The EDB also strongly advises that students should avoid going out, having crowd gatherings and social contacts as well as dining out during the Chinese New Year holidays. Given that the epidemic situation of COVID-19 remains severe around the world, students should avoid all non-essential trips outside Hong Kong. Our school would like to urge parents to stay vigilant and put in place appropriate preventive measures to guard against the spread of COVID-19, based on the health advice from CHP. For details, please refer to <https://www.coronavirus.gov.hk/eng/health-advice.html>.

Our school will keep close contact with CHP and closely monitor the health conditions of our staff and students. If parents want to obtain more information of COVID-19, please refer to the relevant website: <https://www.coronavirus.gov.hk/eng/index.html> or call the CHP hotline (Phone number: 2125 1111 / 2125 1112, service hours from 8:00 a.m. to 12:00 midnight).

If you feel worried about you and your family members' health conditions, you are strongly advised to collect the testing kits at the community centres nearby, the 47 general out-patient clinics (GOPCs), the 121 post offices (except mobile post offices) or the 20 MTR stations. For details, please refer to the following website: <https://www.coronavirus.gov.hk/eng/early-testing.html>

Please avoid going to crowded places or poorly ventilated public places, etc., and should maintain a balanced diet, exercise regularly, and take adequate rest in order to strengthen their immunity. Also, please browse our school website to keep abreast of the latest information.

For any enquiries, please contact Ms Christine at 2386 8049.

Thank you for your attention.
