We as parents play an important role in children's learning. Our children acquire skills at a very early age from their parents and teachers. Therefore, good parent and teacher relationship helps to develop their positive attitude in attending school. That is why I have the interest of joining the committee. If I am elected as a parent manager, I want to share some of my knowledge, talents and experiences from childhood during my school days. "Education is one of the keys to success, and our children is our future". Let us teach, help and mold their skills & talents during their school days. Let us encourage them to love going to school because school is one of the places where our children learn to care, support and respect one another. Thank you.
