## Parent-Teacher Association

Notice: 11/2023-24

16.11.2023

Dear Parents / Guardians ,

### Parent Education Programmes for Non-Chinese Speaking Parents

The Government is committed to enhancing the Chinese proficiency of NCS students to prepare them for further studies and work, as well as integration in the local community. In the course of learning Chinese, while it requires the continuous effort of schools, teachers and NCS students, support from families in creating an environment conducive to the learning of Chinese is also essential. In this connection, EDB has been providing a series of parent education programmes for NCS parents, including parent education talks cum exhibitions and community activities. The programmes aim at raising the parents' awareness regarding the importance of early exposure to and learning of Chinese for their children. They also seek to inform parents of the multiple pathways available to their children and to enhance the communication between parents and schools to foster better learning support for their children.

The event calendar of parent education programmes for NCS parents in the 2023/24 school year is at the Annex for your reference. You are cordially invited to participate in these programmes. Enrolment methods and the information of the activities will be updated as and when appropriate. You may visit the EDB website for details:

<https://www.edb.gov.hk/en/student-parents/ncs-students/support-to-parents-and-students/index.html>

Thank you for your attention and support.

(Ms CHUI Sau-man)  
Headmistress

### Reply Slip
