## School Mission

### *An Environment for Growth*

We believe in balanced, **whole-child development** where students can think critically, reflect on their learning and make good judgements about their behaviour.

### *Trilingualism*

We aim to **equip our students with strong language skills** in both English, Chinese and Putonghua. English is the Medium of Instruction in our school.

### *Students with Diversified Cultural Background*

We **pride ourselves on the diversity** of student cohort from many ethnic backgrounds including Nepali, Pakistani, Indian, Filipino, Bangladeshi, Chinese and many others. We embrace these diverse backgrounds and cultural harmony, and respecting others is one of the core values in LCU.

## Happy Transition to Primary One

### *Summer Chinese Bridging Programme*

Our Summer Chinese Bridging Programme facilitates new P.1 students and their parents to **be prepared for primary school life.**

### *Orientation Day*

We also organize an Orientation Day in August so parents can better understand what students will learn in class and P.1 students will have a chance to get familiar with the new environment.

### *P.1 Transition Programme*

Our Transition Programme in September further helps P.1 students to **make friends and become familiar with the school routine.**

## Innovation-led Curriculum

Our school offers meaningful learning activities to help **develop students' critical thinking and innovation**, and apply new knowledge to different disciplines.

- **Google Classroom**, making learning more productive, collaborative, and meaningful.
- **State-of-the-art technology** including iPads, VR learning kits, drones, micro:bit and Lego robots.
- **Coding and basic AI courses** during IT lessons to learn about computational thinking, and use Mathematics and logic to solve problems.

Classrooms at LCU are **fun, pleasant and vibrant places of learning, where creativity is encouraged.**

- **Experiential Learning** on STEAM education is conducted through different aspects in our school such as after-school STEAM training groups, STEAM competitions, STEAM project and STEAM week.

# Nurturing Students for the Future

Our school offers numerous **after-school cultural and language classes** for students to extend their language abilities.

## Subjects

- Chinese
- English
- Mathematics
- General Studies
- Putonghua
- Music
- Visual Arts
- Physical Education
- Information Technology
- Library Studies

## After-school Cultural and Language Classes

- Urdu Interest Class
- Nepali Interest Class
- Hindi Interest Class
- Filipino Interest Class
- Spanish Interest Class

## Whole Child Development

**Values Education** is an essential element of **whole-person education** which aims at **fostering students' proper values and attitudes** through the provision of relevant learning experiences. So that they could take proper action to deal with the challenges in their future life.

*Leadership Training Programme*

*Understanding Adolescent Project*

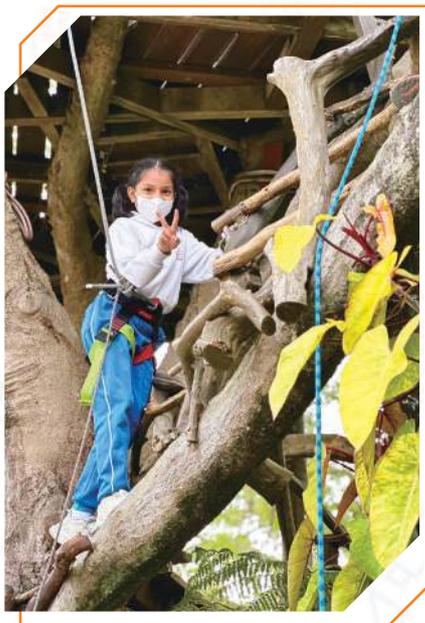

### *Multiple Intelligence Lessons*

Developing students' multiple intelligence in the classroom through the use of different activities such as iSTUDY Academy, Artistic Journey, Word builder, Mastermind etc. The development of students' intelligence can be promoted in a fun and relaxing way.

## Widen Horizons

We believe that educational experiences shouldn't be restricted to the classroom. We regularly arrange **various enrichment activities** such as educational visits, study tours and community services so that students can broaden their horizons and be **exposed to real world challenges**.

# Opportunities to Learn and Achieve

## Inter-school Competitions

By participating in **inter-school competitions**, our students can embrace challenges and **apply their knowledge and skills in real life situations**.

## Study Tours

Our **Study Tours** to various cities allow students to **appreciate different cultures** and develop their global perspective competency.

## Integration into the Local Community

We emphasise the importance of **caring for the community** in which we live. Voluntary services such as Parent-child Flag Selling Day and Bread Run help students show their **concern for the local community**.

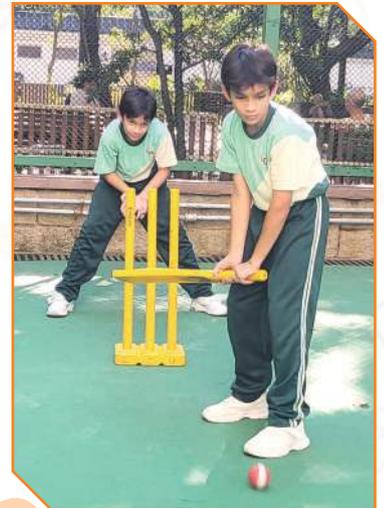

## Unleash Potential

We offer a wide range of extra-curricular activities to students, which not only help **develop their attitudes, skills and creativity**, but also **indulge their passions for pursuing personal interest**. Through participating in these activities, students can develop their communication and collaboration skills and **enrich their life experiences**.

# Opportunities to Learn and Achieve

## School Festivities

A range of school functions are held throughout the year such as Green Picnic, Sports Day, Christmas Celebration, Cultural Day, STEAM Week, Graduation Day and Prize-giving Day etc. These help to **foster our students' whole-person development**.

### Green Picnic

Joyful memories are made in our Green Picnic.

### STEAM Week

Unleashing creativity and igniting STEAM curiosity in STEAM Week.

### Sports Day

Victory in Motion: The thrills and triumphs of Sports Day.

## Christmas Celebration

Memory moments and unwrapping joy at Christmas Celebration.

## Cultural Day

Embracing the rich Chinese culture in the vibrant splendor on Cultural Day.

## Graduation Ceremony

Small Steps, Big Dreams: Celebrating the bright futures of our Primary School Graduates.

# Partnership with Parents

## Partnership with Parents

Our Parent-Teacher Association (PTA) facilitates a conducive learning environment through **collaboration between parents and teachers**. Parents are important stakeholders in LCU family and we value their involvement and support for school activities and events.

Furthermore, we offer a range of workshops and activities to help **parents participate in their child's learning, promote their well-being** and integrate into the local community.

### PTA Workshops

### PTA Picnic

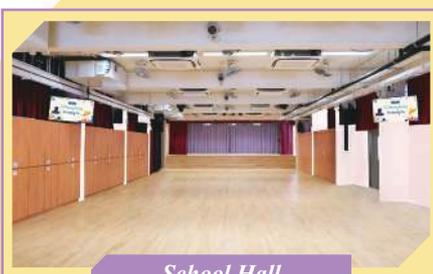

### Community Visit

### Parent Volunteers
